## INERTEX UHF GASKET TAPE

The Inertex UHF Gasket Tapes are manufactured by a patented process that produces a uniform and highly fibrillated microstructure with thousands of small fibers running in many directions. It is FDA suitable and comes with a full paper covered self-adhesive backing that makes installation simple.

### Product Benefits:

- Soft and compressible under low bolt loads. Excellent for use on glass-line, plastic, and FRP plastic flanges
- Suitable for use on odd-shaped flanges
- Suitable for use on an insulating tape
- Eliminates the need for etched PTFE
- Wider widths useful for volume cutting of gaskets and wide contact surfaces
- Easy to use. Simple to install
- Contains no silicones and is suitable for paint booth applications

### Standard Sizes

	Width Selection								
Thickness	1/2"	3/4"	1"	1-1/2"	2"	3"	4"	6"	8"
.010"	•	•	•	•	•				
.015"			•	•	•	•	•	•	
.020"	•	•	•	•	•				
.031"			•	•	•	•	•	•	•
.040"	•	•	•	•	•				•
.065"	•	•	•	•	•	•	•	•	•
.125"	•	•	•	•	•	•	•	•	•

UHF Gasket Tape lengths are available in either 50 or 100 feet with the exception of 8" wide (5-25 feet). Custom sizes are available for special applications.
