

## FLEXSEAL® TANDEM SEAL™

### BENEFITS

#### Chemical-resistant and fire-safe

- › PTFE envelope withstands aggressive chemicals and corrosive media
- › Fire-safe-passed independent fire tests
- › Two sealing elements significantly reduce corrosion and bacterial contamination of flanges
- › Seals to the ID of the pipe bore
- › Withstands high pressure
- › Made with the CONTROLLED DENSITY® process which ensures that the optimum filler density is constant across the windings for consistent compression and superior sealability
